**FOR IMMEDIATE RELEASE**

## **Atlas Holdings Appoints Cheri Reeve Chief Financial Officer**

Greenwich, CT (July 13, 2015) —Atlas Holdings LLC is pleased to announce that Cheri Reeve has been appointed Chief Financial Officer. In her new role, Ms. Reeve will have senior responsibility for all finance functions of Atlas Holdings and its related entities, including Atlas Funds and associated investment vehicles. Ms. Reeve most recently served as Vice President of Finance at Atlas. She joined the firm in 2010 after serving in senior financial roles with the Commonfund.

“Cheri’s talent and professionalism have been critical in facilitating Atlas’ rapid growth, without missing a beat, with respect to financial reporting and back office operations,” stated Phil Schuch, a senior Atlas Partner. “Her strong and steady work has played an integral role in the development of our financial support team and she’s successfully spearheaded a number of key initiatives. It is a pleasure to work with Cheri and I have great confidence in our finance operations and our scalability.”

“In addition to her technical skills and management talent, we are fortunate to have an individual in the role of CFO who fits so well with the Atlas culture,” remarked Andrew Bursky, Managing Partner of Atlas. “Among the enduring values at Atlas are exceptionally high personal standards of integrity, performance and respect for other members of the Atlas Family. Cheri embodies these ideals and we are happy to promote her into the critical CFO role for our organization.”

### **About Atlas Holdings LLC**

Founded in 2002, Atlas Holdings LLC is headquartered in Greenwich, Connecticut. Atlas and its affiliates own 16 companies that employ nearly 15,000 associates and operate from more than 100 facilities across the globe — generating approximately \$4 billion in revenue annually. Atlas companies are engaged in a variety of industries, including aluminum processing, automotive, building materials, capital equipment, construction, energy, industrial services, packaging, paper, power generation, steel, and supply chain management.
